TESTIMONIAL TO ABSOLUTE SECURITY SERVICES

I Kanishk Agarwal, founder of legal firm CriTaxCorp wants to put on record my recognition and appreciation for Mr. Ravi Kapur of Absolute Security and Facility Management Pvt. Ltd. Recently, one of my clients had an exigent situation at one of his properties wherein a mob tried to break down the lock of his house. The guard already deputed (of some other company) was not able to handle the situation and ran away. Client contacted me in a panicky situation and Mr. Ravi within a span of half hour remedied the situation by sending his guards who handled the situation at the property. I really commend Mr. Ravi Kapur for such a prompt response to a problematic situation of my client and now I can say that I truly believe Mr. Ravi quote but with a twist that "If you want peace of mind, it can only be through Absolute".

I will surely recommend his services to the people in my sphere.
