Audit of Registers at your premises

We have recently started the process of checking and auditing the registers on monthly basis kept at client's premises. All registers maintained by the guard at your premises will be checked by the field officer and mistakes if any will be corrected and brought to the notice of concerned person. He will then declare to Absolute that all registers are being maintained properly. Subsequently an auditor from our company will do a sample audit and report the findings directly to top management of our company. We will also send you a monthly report to this effect. We hope to completely eliminate any errors in the registers maintained at your premises.
