

Absolute implements GTD by David Allen

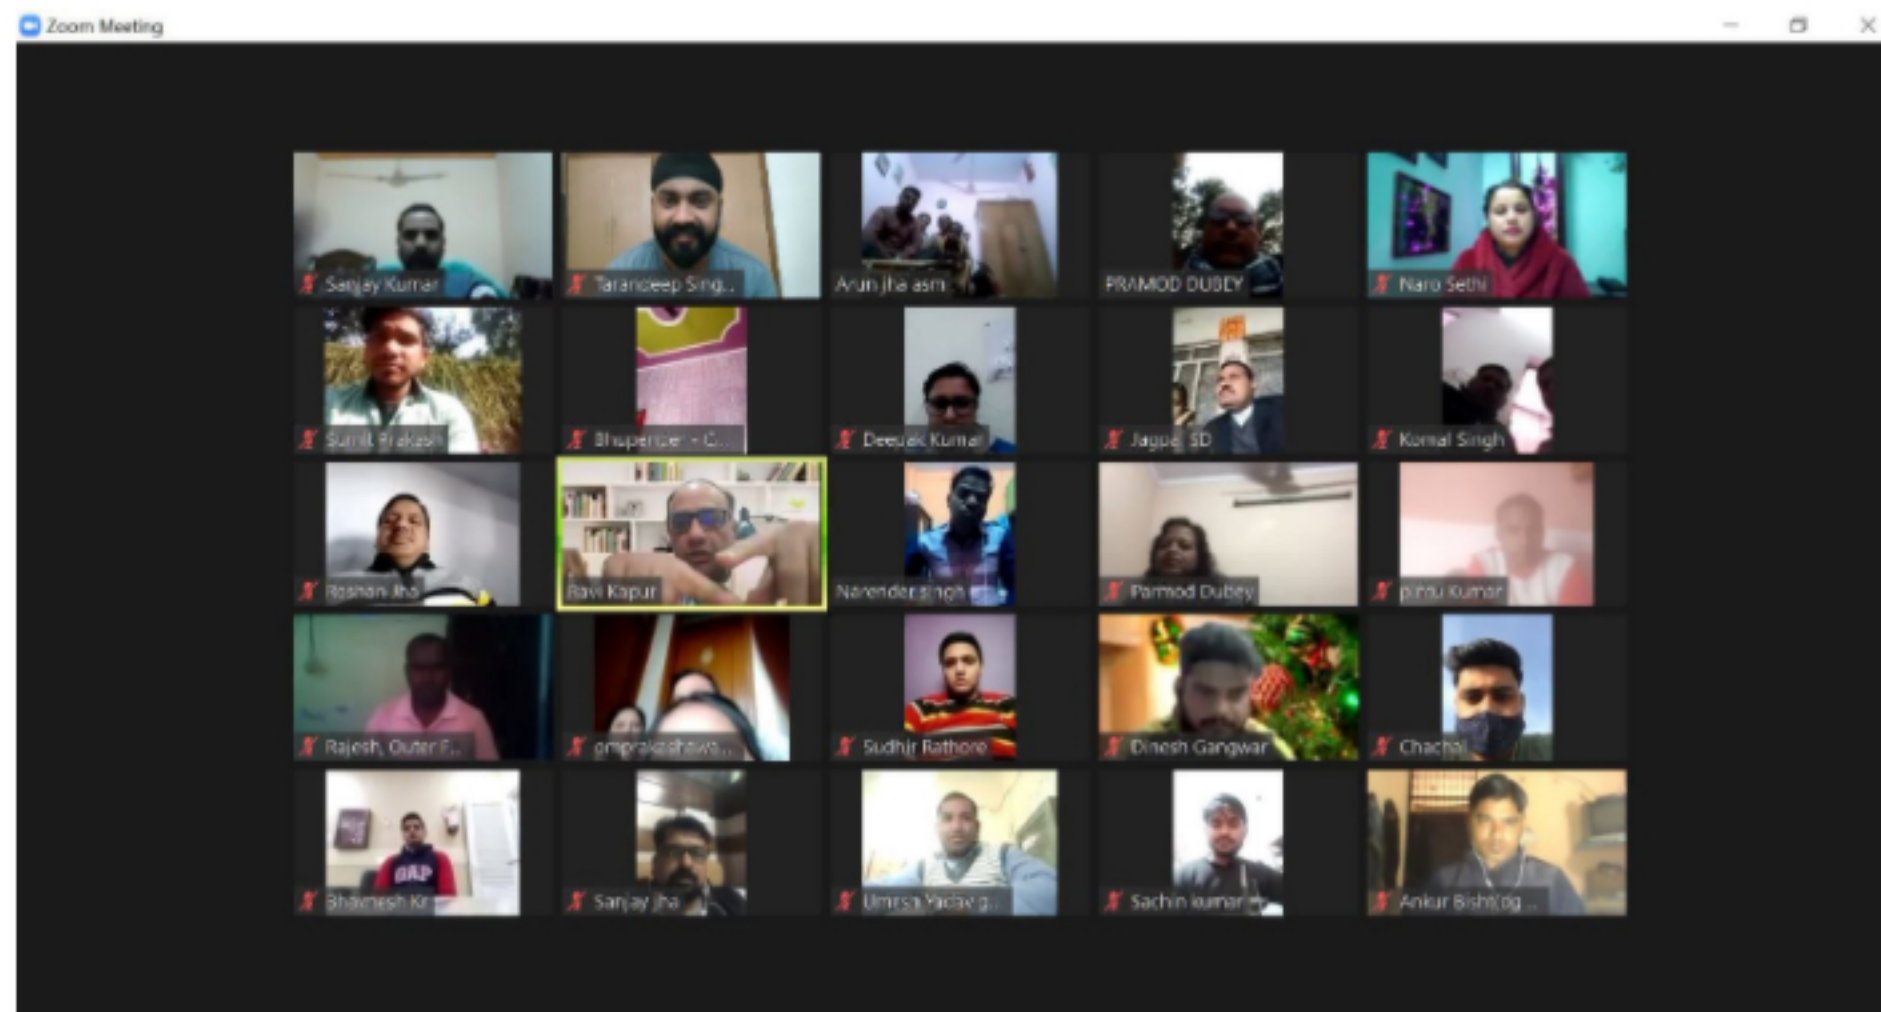

We are happy to inform you that our company has implemented GTD (Getting Things Done), a very popular and highly effective technique to “Get things Done” by David Allen. The GTD approach has benefited us in many ways with its 5-step approach namely, CAPTURE, CLARIFY, ORGANIZE, REFLECT and ENGAGE.

When you have written down all your tasks and ideas and can see them in front of you, it’s easier to prioritize your responsibilities and gain a better understanding of what needs to get done and when. For this, our employees have now started using TODOIST, an app that let them keep track of everything in one place so they can get it all done and enjoy more peace of mind along the way. **Most importantly we can offer you even better services.**

Zoom Picnic with the Staff

In 2020, we’ve learned that it’s more important than ever to stay connected with each other and to toast one another’s accomplishments when possible. We at Absolute celebrated our 25th consecutive picnic held every year on 25th Dec. Picnic allows us to reward our employees for all the work they’ve done throughout the year and also to know them socially.

We at Absolute did a Picnic on Zoom where we invited our staff members along with their families on the zoom link and interacted with them. We also played Tambola and Emoji games and had an entertaining day. Trophies were presented to the staff members who have completed 5 years and 10 years in the organization. Long service awards and cakes were delivered to all the staff members at their residences.
