

Absolute implements Live CCTV monitoring for its clients

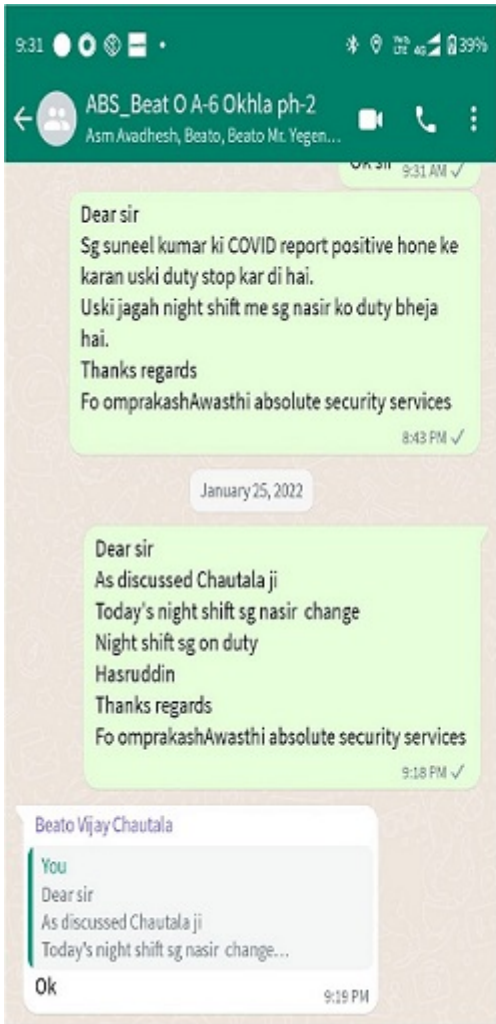

Absolute has initiated a process to monitor its guards at the various sites through live CCTV surveillance. Usually, this kind of service is given by the service providers to large corporations but we take pride in providing such services to our MSME clients as well. With this, we can commit our client and monitor if the commitment is getting fulfilled or not. For example, we can monitor if the guard is performing his tasks diligently whether he is frisking workers or making appropriate entries. We can even monitor that the guard does not doze off during the night shifts. Keeping the camera at the place where the guard is deployed will keep the guard alert and thus he will do his duty diligently

Information Every Quarter

Know The Process

Absolute ensures a smooth process to change the manpower at your site

For various reasons including resignation by the manpower, we have to deploy or change guards or the housekeeping staff at the client's site. At Absolute, the field officer calls up and informs the guard or the housekeeping staff of his duties as mentioned in the post duty manual (PDM). This ensures a minimum disruption in services to clients due to the deployment of new manpower. The client is also updated about the change through the Whatsapp group with the client. The whole process is then subsequently audited by the auditor by calling the manpower and checking with them if they were briefed by the field officer.

Know The Staff Member

Mr. Pramod Dubey (General Manager - Operations)

This quarter we would like to introduce Mr Pramod Dubey. Many of you might have met him or spoken to him. He has recently been promoted as the General Manager (Operations) and has experience of over 13 years handling operations at various levels. He joined Absolute in May 2012 and has been an integral part of the organisation since then. Before joining Absolute, he has worked with various other security services organisations for over 10 years. He lives with his family in New Delhi and in his free time, he enjoys watching the news on the TV. His elder son and daughter both work for Cargill India and his younger son works for TCS.
