Testimonial for Ravi Kapur

I Sidhartha Agarwal Director Executive at Reiz Electrocontrols Pvt. Ltd. Manufacturing LED Lighting, for the past 35 years, backed by 5 yr. Warranty, would like to put on record that:

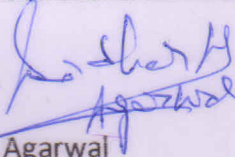

Ravi Kapur has been handling our security services in our factory for the last 5 years. Last month we had a incident at our factory as short circuit had taken place in the UPS battery which resulted in fire in our SMT room. The best practices used by Absolute security to scan the QR code installed at both ends of the factory by the guard every hour, prevented the fire to spread as the guard spotted smoke coming out from the rear window and informed the maintenance manager ASAP.

We are grateful to Ravi Kapur for implementing Best practices in security which not only keeps the guards alert but also helped prevent a major fire in our factory.

It gives me immense pleasure to recommend Ravi Kapur to our Contact sphere, for Security Services.

Regards.

For Reiz Electrocontrols Pvt. Ltd.

Sidhartha Agarwal
